

Norsk forening for farmakoepidemiologi (DURG Norge)

KONFERANSER

- [European Causal Inference Meeting, Oslo, Norway, 19-21 April 2023](#)
 - With pre-conference courses on Tuesday 18th.
- [Nordic Social Pharmacy Conference 2023 Tromsø, Norway, 7-9 Juni 2023](#)
 - Early-bird registration: April 1st 2023.
- [SPER's 36th Annual Meeting, Juni 12-13, 2023 i Portland](#)
- [2023 SER Conference – Portland, USA Juni 13 – 16, 2023](#)
- [39th ICPE, August 23-27, 2023 Halifax, Canada](#)
- [NOFE conference, 15-16 November 2023, Trondheim](#)
- [15th annual NorPEN meeting, 22-24 November 2023, Oslo, Norway](#)

KURS

- The **DSFE offers a course in basic pharmacoepidemiology on May 3rd 2023** that can be attended virtually or in person. See more details [here](#). Participation is **free** for students and for members of DSFE in Denmark and Norsk Forening for Farmakoepidemiologi (DURG Norge) in Norway. For other participants, the course fee is DKK 500. To register, please send an email to info@dsfe.dk, no later than April 26.
We strongly encourage PhD candidates, master students and anyone new to the field of pharmacoepidemiology to become member of the Norsk Forening for Farmakoepidemiologi and attend the course for free!
- **The Causal Inference Summer Courses Harvard T.H. Chan School of Public Health**, <https://causalab.sph.harvard.edu/courses/>

- Summer School on Modern Methods in Biostatistics and Epidemiology, <https://www.biostatepi.org/description.htm>
- Summer Program in Epidemiology European Educational Programme in Epidemiology, <https://www.eepe.org/>

SEMINAR

- Please subscribe to the NorPEN Educational seminar series activities by signing up via this link:
https://docs.google.com/forms/d/e/1FAIpQLSfpnyB5jAMx73TVys_WutPstuOpAUrH8CKRcw1IcBjzPvdeA/viewform

You will receive information on the monthly educational seminars organized by the NorPEN EduGroup and the zoom link.

The next presentation in the NorPEN seminar series will be held on **Tuesday March 28th from 12-13.00** (see outlook item attached):

“Using Norwegian registries to emulate clinical trials in Oncology - Experiences from NordicRWE” presented by Kristian Svendsen.

Kristian Svendsen is a pharmacist and pharmacoepidemiologist who combines work as an associate professor at UiT – The Arctic University of Norway - with a position at the real-world evidence company NordicRWE. He works with different registries including the Cancer Registry of Norway, where it is possible to emulate clinical oncology trials.

- **OCBE biostatistics seminars**, with the first to be held on **Thursday, March 23rd, at 14:30-15:30 in Auditorium 13 (Domus Medica, Oslo).**

[Johan Pensar](#), Associate Professor at the Department of Mathematics, University of Oslo, will present about **“Causal Inference with Graphical Models”**

The **OCBE biostatistics seminar series** is organized by the [Oslo Centre for Biostatistics and Epidemiology](#) and is an arena for presenting new interesting work in biostatistics, both on the methodological and applied side, from researchers in Oslo, from Norway and abroad.
